Nukkad natak, to spread awareness

Inter- house competition

Nukkad natak is an influential medium to propagate social messages in a humorous and sarcastic way and create awareness among masses. An inter-house nukkad natak competition was held on August 14 at City International School, Satara Road.

All four houses chose themes apt on patriotism and related them to present times. The hard work of teachers and enthusiastic students reflected in the performances. All the participants gave eloquent renditions. The participants seemed to enjoy their performance through beats of dholaks, dhapli, dupatte, jingles and the humour.

Houses perform on thought-provoking themes

Each skit put forth many questions, few answers and most importantly, a message to ponder upon. The audience also gained a lot of insight from the various issues taken up by the houses. The judges applauded all participants and were impressed by the innovative and sensitive presentations by the young children. Finally, Avanee house was declared the winner, followed by Urja house.
