For a greener school

Sapling plantation Drive

City International School, Satara road recently organised a plantation drive for the students of class VII to highlight the need of more plants to replenish the natural resources depleting at a fast pace due to rapidly increasing population under the aegis of 'Green School Movement' in collaboration with Nature Environment Programme (NEP) Nature Lovers.

Different variety of saplings like marigold, periwinkle, star cluster, aster and velvet were planted and their importance was introduced to students.

25 saplings were planted by the students. An interactive relay game was taken for the same. The students in a group of five planted the saplings step by step.

An oath was taken by the students to take care of the saplings planted and save

Students bring a variety of saplings for plantation

mother earth. The teaching and non-teaching school staff too supported this activity.

Under the guidance of principal Leena Bhosale, students participated in the tree plantation drive with great zeal and enthusiasm and thus made it successful.

Nurturing today for a better tomorrow
